

AAC 213 & 213 Soft

PRODUCT FACT SHEET

AAC 213

DESIGN BY HEE WELLING, 2022

The AAC 213 fuses the natural elegance and character of the four-legged solid wooden base with the softness of the upholstered shell. Retaining the fundamental idea shared by the AAC collection, this model is characterized by a curved shell with a slightly higher back. Designed with optimal functionality in mind, the shell construction offers a deep, generous seat that combines inviting aesthetics with a high level of comfort, whilst the lower armrests provide good support and enable the chair to fit underneath a table or desk. The wooden frame with elegant, rounded legs brings character and stability and is available in different finishes, with the shell offered in a variety of regular and quilted upholstery options. The multitude of variants and design combinations give this series great versatility in a wide range of corporate, public, and private contexts.

HIGHLIGHTS

- Part of a multi-functional indoor family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman and a sofa.
- The curved shell has a slightly higher back and a deep generous seat.
- Lower armrests offer good support, whilst enabling the chair to fit underneath a table.
- All shells are made from 100% recycled post-consumer plastic.
- Available with full upholstery, a standard and a soft quilted version in all standard fabrics and leathers.
- The solid wood base comes in various colors and finishes.
- Other base options are: Molded plywood base, 4-star swivel base, 4-leg steel tube base and 5-star swivel base with wheels and gas lift.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimize our environmental impact. We optimize the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.

CERTIFICATES

FSC™ LABEL MIX 70%
Made from FSC™-certified wood
and other controlled materials.

WARRANTY

HAY provides a 5-year product warranty.
Please contact the HAY sales team for further information about the warranty terms and conditions.
